

K-5 Distance Learning Students

Dear families,

Distance learning students will start school officially on August 11th. Please be looking for communication from your child's teacher inviting you to a meeting at their school on August 11th. It is very important that you attend these meetings to get materials such as computers, workbooks, and Google classroom information so that your child will be a successful student.

Thank you again for all your patience as we trailblaze the distance learning platform together.

If you did not return your computer from last year, you will not be issued a computer until UCPS Technology checks that computer. An email will be sent to those specific students in Distance Learning that records indicated the computer was not returned. If you want to purchase computer insurance for \$25, it will be available that day to purchase. The damage matrix will be published on the Union County website to show the repair cost for each Chromebook and pieces of that Chromebook.
